

UTP

Description: Uridine 5'-triphosphate (UTP) can be applied to in vitro transcription, RNA amplification and siRNA synthesis.

Molecular Formula: C₉H₁₅N₂O₁₅P₃ (Free acid)

Molecular Weight: 484.14 (Free acid)

CAS No.: 63-39-8 (Free acid)

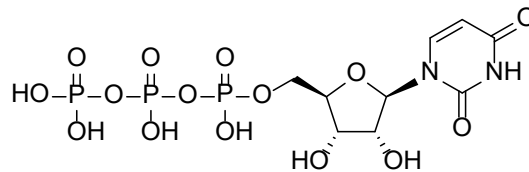

Concentration: 100 mM

Specifications: 1 mL

Purity: HPLC ≥99%

Salt type: Na⁺

Structure:

Storage Conditions: store at -20°C.
